

FALL OF BELGIUM'S NEW CAPITAL IS IMMINENT

ANTWERP'S SURRENDER DEMANDED BY GERMANS; SHELLS RAIN ON CITY

Antwerp, Oct. 1.—Surrender of the Antwerp fortress and the Belgian army has been demanded by the Germans. King Albert has rejected the demand and the bombardment of the southern fort has been resumed. The Germans are pouring a rain of shells upon the forts today from big guns stationed 10 miles away. The German infantry is also attacking the Belgian army.

The town of Liege has been fired in several places. Heavy damage has been done to the fort at Waelheim, but it is officially stated that all the forts are still holding out.

The bombardment which halted at eight o'clock Wednesday morning was resumed late in the afternoon after the demand for the city's surrender had been rejected. It continued through the night and early today its fury increased.

The Germans are reported to have brought six of their 42 centimeter guns to bear on the Antwerp forts. It is these great guns that accomplished the fall of Liege and Namur.

The Germans are also shelling Termonde again. Two great factories are in flames there. The Belgian artillery is replying to the German guns. What remains of the town is doomed to destruction. Inhabitants of all the surrounding towns are fleeing to Antwerp or Ghent.

London, Oct. 1.—Belgium held the center of attention in the war today. German troops are pouring into Belgium and are apparently determined to take the Belgian capital. It is only a question of a very short time when the German lines will be transferred to the new lines in Belgium and France will be abandoned. The Germans are concentrating along the Scheldt river. They have large stores on the plains of Waterloo and their lines of communication are well provisioned.

The possession of Antwerp is a key to the north. The Germans are now an absolute necessity to the within three weeks.

JAP POSITIONS ARE BOMBARDED; 1,700 ARE KILLED

Tokio, Oct. 1.—A severe engagement has been opened by the German warships which cannonaded the Japanese positions near Tsing-Tau, east of the government of Kiao-Chau, the German leased territory in China. Two officers were killed. German airplanes assisted the warships. The Japanese war office announced that an artillery duel at Tsing-Tau continues.

A German torpedo boat destroyer sank in the harbor yesterday. Apparently its ship was not in action.

From other sources it was stated that the destroyer was sunk by Japanese guns. It was officially announced late this afternoon that a Japanese minesweeper off Kiao-Chau was blown up and sunk. Three men were killed and 13 others wounded. Another Japanese minesweeper was damaged, one man being killed and six injured.

Watching Plague

Washington, Oct. 1.—The watchful eyes of the public health department are fixed on Tokyo and the Japanese plague and cholera epidemic is spreading. It is reported that the Japanese government has ordered the Japanese navy to keep a close watch on the Japanese coast and to report any cases of plague or cholera to the Japanese government.

At the German embassy in Peking it was said today that the Japanese government has ordered the Japanese navy to keep a close watch on the Japanese coast and to report any cases of plague or cholera to the Japanese government.

4 GIGANTIC BATTLES AND 2 BOMBARDMENTS RAGING IN EAST ZONE

Vienna, Austria, October 1.—Four gigantic battles and two fort bombardments involving 6,000,000 men are in progress in the eastern theatre of war. At no point has there been a decisive result to either side and it is said that Gen. Rennenkampf with 1,000 men is endeavoring to resist the efforts of the German army to cross the Niemen river. The fighting is severe. Up to the present time it has been impossible for the Germans to break through the Russian lines.

Meanwhile there are 1,000,000 Russian troops in Galicia. They are moving in two parallel lines. They have enveloped Przemyśl and Carnow. The fall of Przemyśl is feared here as the Russian

GEN. VON KLUCK IS STRUGGLING TO FREE HIS ARMY

London, Oct. 1.—All the brilliant and skillful tactics employed by Gen. Von Kluck, the commander of the German right wing to counter or break through the line of bayonet in the battle for reaching Antwerp beyond his extreme right, have thus far failed. These efforts have, however, by no means ceased and the German general staff it is felt in London probably will risk something else there in order to reinforce this wing before the end of the chapter is written. Heretofore reinforcements have been met by reinforcements in this critical

FRENCH MAKE FINAL EFFORT TO TURN GERMAN ARMY

Paris, Oct. 1.—The following official communiqué was issued this afternoon:

"There has been no modification in the general plan. The French army has made progress on our left to the Somme and on our right in the southern Wevre d'Or."

Paris, France, Oct. 1.—In a final effort to turn the German army, reinforcements are being rushed by the French military staff. There has been no fighting since last Friday. At all times the allies have been fighting with a view to the offensive. Even when forced back by sheer weight of numbers, the French have succeeded in holding the enemy in check.

At half a dozen points on the front the number of prisoners taken in the last few days are far greater than at any other time. The number for Tuesday is said to be four times the number taken during the severe fighting of Saturday and Sunday. Because of this it is argued the allies have advanced greatly as it is only in real offensive operations that many prisoners can be taken. Prisoners reaching here are utterly exhausted. Their clothing is ragged and their shoes worn out. Military experts predict the end of the present battle Sunday or Monday with complete success. They admit their losses have been very heavy for the allies, in that the German army.

11 SHIPS TAKEN BY BRITISHER

London, Oct. 1.—The capture of the German gunboat Soden and 10 German merchant steamers, including the liner Arncliffe by the British cruiser Cumberland at the mouth of the Kamerun river in West Africa was announced by the admiralty today.

All carried large quantities of coal and general cargo.

The Germans sank the floating dock and the Hercogin Elizabeth, the admiralty said but they can be raised.

Selby Hits Mine

London, Oct. 1.—The British steamer Selby struck a mine in the North Sea early today and sank. Her crew of 20 was rescued.

Henry Rottinghaus, a Market street merchant, was among the first in the West End to decorate his store for the Korn Karnival.

Den Thomas, the popular druggist has been made chairman of the committee that will make the awards in the candy department of the Korn Karnival. He will have one "sweet" job.

The United States laundry was one of the first uptown druggists to decorate their place of business for the K. K. It is all dolled up in pretty flags.

The mayor has issued orders to the officials of the various departments occupying space in the city buildings on Second street to decorate the buildings in appropriate style for the Korn Karnival. The three buildings that house the city offices will probably look up as attractive as the other buildings in the city.

West End business men were about the first to begin decorating their buildings for the Korn Karnival.

The Tracy Shoe company had finished decorating its building Wednesday afternoon. The Lloyd building occupied by Taylor David Hughes and the Doerr Plumbing company was also decorated Wednesday.

The American Steam laundry will exhibit its fine sock darning machine during the Korn Karnival. The laundry's booth will be located on Chillicothe street.

OBITUARY

Mrs. Dorcas Crabtree

Mrs. David Tipton of the Biggs House, received word of the sudden death at Jackson, Ohio, early Thursday morning of her aunt, Mrs. Dorcas Crabtree, aged 74 years.

According to the message Mrs. Crabtree arose in her usual health and ate a hearty breakfast, dropping dead soon after. She was the widow of the late Ewan Crabtree. She visited Portsmouth last winter. S. C. Nye, father of Mrs. Tipton, left on an afternoon train for Jackson to attend his sister's funeral.

Mrs. Emma Montavon

The remains of Mrs. Emma Montavon, aged 42, who died in Cincinnati, September 28, of cancer, were brought here Thursday noon for burial.

The body was taken from an N. & W. train directly to Greenlawn cemetery. It was accompanied to this city by Mrs. Montavon's only daughter, Miss Loretta Montavon, and a half sister, Miss Margaret Hoer. She was the wife of Peter Montavon, an employee of the Excelsior Shoe company, but they were separated. Mrs. Millie Yueniger of Tenth street, was a sister.

William Coriell

The funeral services of the late William Coriell, who was whirled to death while at his post of duty in the plant of the Portsmouth Paving Brick company, were conducted from the home, 1408 Pindley street, Thursday afternoon. The last rites were in charge of Rev. T. H. McAfee, who paid the dead man a glowing tribute. Members of the Modern Woodmen of America and fellow employees of Mr. Coriell attended the services in a body. Interment was made in Greenlawn.

Frederick Colvin Meek

Frederick Colvin Meek, who had broken arms and right leg broken Sunday in a fall from a bridge, died Wednesday night at 10 o'clock, at Homestead hospital, after having his right arm amputated at the shoulder. The victim suffered terribly from the time he was injured until death came as a relief. Wednesday afternoon the boy developed gangrene and it was found that an operation was necessary. He was removed to the hospital and underwent the operation. He never rallied from it.

Had Frederick lived until October 21st, he would have been 14 years of age. He was the sixth son of John E. and Katherine D. Meek and was born October 21, 1900, at Warland, Greenup county, Ky. He was in the sixth grade of school and was always considered a bright and manly little fellow. He was a favorite among his fellow members of schoolmates, who will miss his smiling face from day to day.

His grandparents, parents, and other relatives leave two brothers and two sisters, Elmer, Robert, Hazel and Ruth at home, and Bernice and Mrs. E. B. Baker of New Boston and Mrs. M. J. Collins of Warland, Ky. The funeral will be held Friday morning from the home, 48 West Second avenue. Rev. D. B. Collins, of the Christian church, will be in charge.

The body will be shipped to Warland, Ky., where burial will be made.

NEW OFFICERS WERE CHOSEN

Officers of the church and Sunday school for the coming year were elected Wednesday evening at a well attended congregational meeting at the First Baptist church, Gallia and Waller streets, which was followed by an enjoyable social session.

The official family of the

church for the coming year include the following: Trustees, William Miller, Charles Smith, Arthur Gunther, Mr. Cummins, Mr. Lloyd, deacons, Daniel Burns, James Ball, William Overstreet and Thomas Burton; treasurer, William Harley; superintendent of Sunday school, James Y. Leary.

PEACE BUTTONS OF LOCAL DESIGN ARE BEING WORN

Peace buttons that are the creation of a Portsmouth citizen, Max Lehman, made their appearance on the streets Thursday morning.

The design is that of a dove carrying an American flag and olive branch with the word "Peace" underneath. The but-

ton has been copyrighted by Mr. Lehman. All Sunday schools and churches desiring buttons can secure them at the Braundau Book and Stationery store. While especially intended for peace day, next Sunday, it is hoped that they will be permanently worn.

MAN'S CORPSE; MURDER SUSPECTED

Murder is scented in the discovery early Thursday morning near the Five Mile Church, north of the city of the dead body of an unknown negro, with a bullet wound in the back. The discovery was made by a N. & W. train crew.

Coroner Robe was notified at once, and he hurried to the scene in his automobile. After viewing the body, his verdict was that the man's death was caused by the bullet wound in the back. He notified the Dice undertaking establishment to remove the body to its morgue on Fourth street, where a post-mortem examination will be held Thursday afternoon to more thoroughly determine the cause of the man's death.

Officials cling to the theory that the man was assaulted and robbed or that he was killed following an argument over a game of some kind. No clue is offered that would establish the real cause of the shooting or would lead to the detection of the supposed murderer.

Drs. Albert L. Test and Walter J. Daehler, designated Thursday by Coroner Robe to conduct a post-mortem examination of the body of the dead negro, reported to the coroner

after the examination that his death was caused by hemorrhaging due to a gunshot wound. The bullet entered the body near the left shoulder, passing through the left lung and lodging in the left breast.

The examination was held at the Dice morgue at 2:30 o'clock

Thursday afternoon. Not a single clue developed during the day that would aid the authorities in forgetting out the details of the crime or the identity of the dead man. Unless his name can be learned his body will be buried in the potter's field at Greenlawn.

WITH BULLET IN HEART NEGRO WAS FOUND AT WAVERLY

J. H. Jenkins, an N. & W. conductor, while going from the engine of his train to the engine house Wednesday night near the Waverly water tank found the body of an unknown negro lying on the top of a coal car. The body had a bullet hole through the heart and apparently the man had been dead for some time. The

county authorities took charge of the body. The fact that a colored man was found dead five miles north of this city Thursday morning with a bullet wound in his chest lends color to the belief that a band of negroes must have staged a fight between this city and Waverly Wednesday night. The negro found at Waverly was said to be years of age and was not about the post-mortem.

Local county officials, who viewed the body, stated that it was a case of a gunshot wound. It was found in the top of a coal car, and the body was found near the Five Mile church.

GEM SHOE COMPANY TO BE RE-ORGANIZED

Acting favorably upon a petition filed by the stockholders and principal creditors of the Gem Shoe company of this city, Judge Thomas, in common pleas court, Thursday morning, appointed Attorney Sherrard Johnson as receiver for the company to act in that capacity until further orders from the court. He gave bond in the sum of \$5000.

It is understood that the plan is to sell the assets of the firm, discharge the indebtedness, and reorganize the firm. The plan will not be operated while it is in the hands of the receiver.

Robert Baker put a big force of men to work building booths Thursday morning. The hammer and saw will beat a merry old symphony in the city in the next few days.

The best of all "Breakfast Foods" is BREAD

Bread is higher in nutritive material than any of the so-called "breakfast foods" and it is much cheaper. Besides—bread may be served in just as many tempting ways.

Nothing is better or easier to digest than milk and bread—or bread toasted to a golden brown and spread with butter—or bread fried in egg batter.

John Dough—raised on Fleischmann's Yeast

In fact, there's nothing that can take the place of bread at any meal—and there are many things that bread can well take the place of. More of it and less of other things will increase the family's health and decrease living expense.

Of course, you should be careful to get the best bread—bread that is light, fine-grained, thoroughly digestible—bread raised with Fleischmann's Yeast. Ask your baker:

"Do You Use FLEISCHMANN'S YEAST?"

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did with try Lydia E. Pinkham's Vegetable Compound."—Mrs. F. W. LANSING, Route No. 1, Florence, South Dakota.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Steel Plant Band Made A Fine Impression At Concert

That the Steel Plant Boys' Band is a splendidly balanced organization was evidenced Wednesday evening by the successful concert and entertainment given at the Millbrook Casino. An audience of nearly 500 enjoyed the excellent concert.

John Milliken, drum major of the band opened the evening's entertainment by giving a short talk on the history of the band. The band started with a small number of boys taking an interest in the work but it has grown right along, there now being twenty-four players in it. The band was organized June 15, 1914, and in three months has made wonderful strides.

Instructor Joe Hladik, expert band leader, is to be complimented upon his work of handling the boys so successfully. The youngest member of the band is eleven years of age and she happens to be a girl, Dorothy Milliken, daughter of John Milliken, drum major. She plays the solo cornet.

Russell Middaugh, 17 years of age, is the oldest member. All are Portsmouth steel plant employees. Mr. Milliken thanked the Steel Plant people for their splendid concert.

The band members attired in their neat uniforms of white duck trousers and gold braided present.

a pretty spectacle seated on the stage in a semi-circle with instructor Hladik in the middle of the pretty picture. The concert rendered Wednesday evening shows that the boys are ready to take part in the Karmel Carnival parades. Several judges have been after their services. Their first selection, First Prize March by Jenkins drew rounds of applause and they responded to two encores.

The Sciotoville orchestra playing last night by Keler Behn made a big hit for their first appearance before a city audience. Tom much praise cannot be bestowed upon the work of the orchestra, which certainly handled their parts of the program in high class style. Prof. Mastropaulo was next on the program with a violin solo that drew an encore. The fourth number was a National air by the band which as usual had to play several selections before the applause would cease.

Arthur Hall, steel plant employee then rendered a vocal solo in pleasing style. Mr. Hall was followed by the orchestra, playing a waltz, "You Kissed Me" by Harold Hladik who is a member of the Sciotoville orchestra showed his ability on the flute by rendering a beautiful solo that called for an encore. The eighth number, "The Sailor's Last Farewell" by Weiser's Quartet, with Miss Mildred Fawkes as accompanist, upheld their part of the program by being called back by consistent applause. Their second number was "The Whyside Cross." The quartet is composed of J. H. Hoskins, first tenor; Karl Reiss, second tenor; Loran Yost, bass and Rev. W. W. Weiser, baritone.

The ninth number was Arnold and Brown's "Reverie Cathedral Chimes" by the Sciotoville orchestra. Prof. Charles Mathews, of

Ironton, who is a master hand with the violin pleased the audience so well that he held the stage for over fifteen minutes. Messrs. Charles Mathews, violin; Joe Hladik, flutist; and Miss Ulla Mathews, pianist, certainly carried out their part of the program by the way the crowd clamored for several more numbers by the trio. Miss Ulla Mathews, daughter of Prof. Mathews, had the twelfth number, "Le Zephyr," a piano solo. Miss Mathews made a decided hit with the audience and was called back for an encore.

The Sciotoville orchestra is composed of Chas. Mathews, first violin; Orville Purdy and Russell Ketter, first violins; William Spitzer, second violin; Joseph Hladik, flutist; L. Ketter, euphonium; S. E. Morehead, cornet; Fred Bohart, bass violin; W. Stout, drums; C. W. Bennett, trombone; and Miss E. Bruke, pianist.

The members of the band are: Dorothy Milliken, Chester Fitch, Robert Milliken, John Andrew, William Maxey, Tony Maxey, Ernest Moore, Edward Zook, Herman Biegan, Russell Middaugh, George Thomas, Wallace McCormick, Henry Middaugh, Ralph Canley, Thomas McCormick, Kipper Taylor, James Thomas, Paul Granger, Alfred Middaugh, Walter Dressler, William Boyle, William Fisher, Bonnie Hedrick, Geo. S. Brown, Joseph Hladik, instructor and John Milliken, drum major.

WARNING ISSUED FOR CIRCUS DAY

Warning to the residents of the city to guard well their households and valuables on Friday, when the circus comes to town, was issued by the mayor Thursday morning, with the admonition that it be heeded. JESSE CARR LANDED A TWENTY POUND CAT FISH

Word was received from Pine Creek Camp, Wednesday, that Jesse Carr, who had been fishing there since Monday, had landed a big catfish, weighing twenty pounds.

The fish, which Mr. Carr describes as being a contract and given him by one of the interlopers, was finally towed to shore and soon landed high and dry. The catch is the biggest yet reported via hook and line and Mr. Carr is proudly claiming the fishing championship. He will share the catch with the Dan Thomas and Dr. G. W. THINK DOG HAS RABIES; HEAD SENT TO COLUMBUS

Local authorities will send the head of a small poodle dog killed at Third and Jefferson streets Thursday morning, by Officer Henderson to the State Board of Health with a request that a thorough investigation be made to determine whether or not the animal was afflicted with rabies.

The dead animal was decapitated at the office of Dr. W. W. Smith, the health officer, Thursday morning, and the head will be sent by express to Columbus on the Thursday afternoon train. The examination will be made in the bacteriological laboratory of the State Board of Health, and the report will be returned as soon as possible.

The dog belonged to the R. N. Russell family on Eighth street, and until last Sunday was the pet of the household. On that morning it began to act strangely, his two sisters, one sister is called by, and bit one of the Russell children, straying away from fourth street, and the other lives in home soon afterward. Report of the occurrence was made to the police, and for three days, no effort has been made to apprehend the dog.

Officer Henderson learned that the same dog was in the west end Thursday morning, and hurried to that section, locating the dog near Third and Jefferson street. It had every appearance of being mad, according to the officer, who despatched it with one shot from his revolver. Later, it was identified by Mrs. Russell as the Russell dog, whereupon it was taken to the health officer's office to have its head cut off.

Considerable apprehension is felt by the Russell family, which will not be appeased until a report is received from the State Board of Health. The child's mother, Mrs. Russell, is a native of Ohio, and no real efforts have been noticed since. So far as is known, no one else was bitten.

Sisters To Fight For Harley Beard

Relative to the stay of execution recently granted Harley Beard, convicted of killing three members of the Macie family in Lawrence county, the Cincinnati Enquirer of Wednesday said:

"The two months' stay of execution granted by Governor Cox to Harley Beard, 37, convicted of killing three members of the Macie family near Ironton, Ohio, was the signal for the beginning of a fight for the life of the boy by his two sisters. One sister is called by, and bit one of the Russell children, straying away from fourth street, and the other lives in home soon afterward. Report of the occurrence was made to the police, and for three days, no effort has been made to apprehend the dog."

Mrs. Marie Knorr, the sister who resides in Cincinnati, stated yesterday that she and the boy's other sister are collecting information to be presented to the State Board of Health.

TIME IS THE TEST

The Testimony of Patience People Stands the Test

The test of time is what counts. The time has come when when misrepresentation and when misrepresentation will come to the test of time.

Patience is a virtue that is tested in many ways. It is tested in the way we live, in the way we work, in the way we play. It is tested in the way we love, in the way we fight, in the way we die. It is tested in the way we live, in the way we work, in the way we play. It is tested in the way we love, in the way we fight, in the way we die.

Mr. Thomas Racy, 1241 Ohio street, Portsmouth, Ohio, says he got much benefit from Dr. Williams' Pink Pills, being relieved of a very annoying attack of backache, pains across his kidneys. I am glad to endorse this worthy remedy.

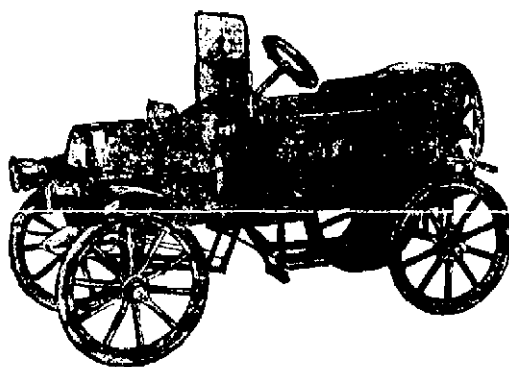

AFTER PASSING YEARS

When Mrs. Racy was interviewed several years later she said: "I still recommend Dr. Williams' Pink Pills as highly as I did in four years ago. They are just as good as new."

Will The Boston Twirlers Tame Those Slugging Athletics?

New York, Oct. 1.—Who will be Connie Mack's third pitcher in the world series? Whom will he select from among Bush, Penneck, Shawkey and Wycoff to aid Bender and Plank in repulsing the enemy?

It's a big question, and one no doubt, that is causing the wily leader of the Athletics much thought. Penneck, Shawkey and Wycoff have made great records this year during the regular season. But what will they do under world series fire? Bush crashed off the third game of the 1925 world series, but can he repeat this year?

Of course, Bender and Plank will do the bulk of the hurling for the Mackmen. This pair will work to the first two games. But who is to go against the enemy on the third day? Upon whose shoulders is to rest the pitching burden of the crucial third battle?

Last year Mack chose Bush for that third game. And Bush delivered, making the count Athletics 2, Giants 1. Had Bush lost there might have been a different ending to that series, for that third game, had the Giants won it, would have given them the "edge."

Bush was lauded in all sections of the land for winning that game last year, yet had not the Athletics given him a five run lead in the first two innings, a different story might have been told. Bush, even after the Athletics scored three runs in their half of the first inning, was extremely nervous. He wobbled badly. For a time during the first inning and even during the second, when the Athletics had added two more runs to their lead, Bush looked as though he might do a balloon stunt. However, wonderful fielding behind him saved him during those first two innings.

Mack may pitch Bush again this year, figuring that having been under world series fire once he wouldn't be as nervous as one of the other pitchers. But it doesn't seem likely that Mack will pitch Bush in that third game. The youngster hasn't been going as well this year as he did last. Some of Connie's other youngsters have come through with better percentage than Bush, and Mack may make his selection from Penneck, Shawkey or Wy-

coff. But when the time comes, Mack will select the pitcher who he feels will give the Athletics the best chance of winning the series. Mack's selection will be based on the pitcher's record in the regular season, his record in the world series, and his personal preference. Mack's selection will be based on the pitcher's record in the regular season, his record in the world series, and his personal preference.

In the second game Mack will select a pitcher who he feels will give the Athletics the best chance of winning the series.

LUCK WITH ATHLETICS

Well, the big series starts in Philadelphia. Possibly this is an advantage to the Athletics and possibly it will not be. These Boston Braves have just as good a record as the Athletics as they are in their old home.

At the meeting held in Philadelphia Wednesday to decide the dates of the series and where the first two games would be played, Harry Harman, flippant and a bit of a joker, said "Take it or leave it."

STILL THE GAME

In the history of all baseball games when the game has been so close, it has never been so close as it is now. The Athletics and the Boston Braves are in a dead heat. The Athletics are in a dead heat with the Boston Braves. The Athletics are in a dead heat with the Boston Braves.

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco. Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and smooth and guarantees that it *must* hit your tongue.

Tuxedo has had many imitations, but no one has equalled it in flavor, purity and smoking value.

Three Bands Will Be In The Big Boosters Parade

The line of march for the boosters' parade was made known by the chairman of the committee Wednesday. The formation will take place on Market street Wednesday evening at seven o'clock. The parade will move at 7:30, beginning at Market street on Second, up Second to Chillicothe, up Chillicothe to Eighth, up Eighth to John, south on John to Gallia, west on Gallia to Chillicothe, where the parade will disband. To insure the best marching results,

Captain Smith has been chosen grand marshal, and this means that the parade will be on time. Three bands and probably four will be in the line of march. To correct a false impression which has gotten out, the committee wish it to be known that everybody is invited and wanted in this boosters' parade. You can either march or join the automobile and carriage section which will be preceded by persons on foot.

MAKE APPEAL FOR CITY DIRECTORY

From the Department of Commerce, Bureau of the Census, at Washington, comes an appeal to the mayor for a copy of the city directory of Portsmouth, which has been referred to the Manufacturers' Association for attention. In framing the census law, Congress failed to

include an appropriation for the purchase of city directories, and the Bureau has to depend on the cities themselves for them.

The purpose of the directory is to secure an accurate listing of the manufacturers of Portsmouth to appear in the census reports.

U. B. Rally Day

Rally Day will be observed Sunday at the United Brethren church and Sunday school, at 9 a.m. and 11 a.m. It is expected that a big crowd will be out. Special music will be provided, and general good time is promised all who come. Turn out and help make the day a success.

Peace Sunday At All Saints Church

The pastor has completed arrangements for the observance of this day at All Saints church, in accordance with the wishes of His Honor, the President of the United States.

The Holy Eucharist will be offered at 7:00 a.m. with special intention for the granting of a speedy and lasting peace to the stricken nations. Special intercession will be offered at this service for all who have lost their lives in battle.

At the morning and evening services a special form of prayer authorized by the Bishops will be used. This form will be used in practically every Episcopal church in the country. Printed form of services will be distributed to the worshippers. Special hymns will be sung, chosen with a view to their fitness for the occasion, including "God the All-Merciful" in the time composed by the Rev. J. D. Herron, D. D., former rector.

The Rev. E. Kinger Powell, rector of the parish, and a veteran of the Boer war in South Africa, will preach sermons appropriate to the occasion at 11 a.m. and 7 p.m. evening services. A cordial invitation

is extended to all to attend. The special form of service provided is very beautiful and quite in accord with the spirit of the President's proclamation.

The collection at all services will be devoted to the work of the American Red Cross and especially to the work of the American hospital in Paris.

FEW MINUTES! NO INDIGESTION, GAS, SOUR STOMACH—PAPE'S DIAPEPSIN

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breathe foul, tongue coated—just take Pape's Diapepsin, and in five minutes you will wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little

Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary.

Columbus, O., Oct. 1.—The Ohio voter used to be humbled and the candidate for office exalted. This year is showing a big change. The dignity that used to sit upon the candidate has shifted to the elector. The latter is assuming his real role of political arbiter. The plain facts are that the candidate this year, from governor down, are shaking off the old time aloofness and are coming to realize that the old style of conservative campaign is no longer effective. Maybe the auto has something to do with it for many of the candidates are traversing the highways and byways in dust-producing machines. But a greater factor in making the candidate a plebeian and a good fellow is the plain fact that the people won't stand any longer for high-brow political stuff. The candidate who used to travel in a special car, who consented to speak only in certain towns and who expected people to travel miles to hear him, has been dethroned. The voters have stolen his dignity. Realizing their own power, the people are coming to demand that the candidate meet them face to face and man to man if he would have their sympathetic interest. And the candidates are learning the lesson. They have thrown dignity to the winds. Even candidates for United States senator don't regard themselves as too high toned to go to the county fairs and to the township meetings. Autos carrying dust-covered figures fill here and there over the country roads. Oftentimes the dust conceals persons whose cheek for a hundred thousand or so would pass easy muster at any bank. But they are men who realize that the day of money appeal has passed; that elections no longer can be bought and sold, and that the only recourse for the candidate is to get out and hustle for votes. That hustling is now on.

Many things are taught at college but the art of gambling usually doesn't appear in the curriculum. But now there comes forward a young defalcating bank teller testifying in his confession of theft that gambling was the cause of his downfall and that he got his first lessons in college. The teller in question has just been arrested in Ohio's capital. He has stolen nearly \$5,000. Every cent of it went in gambling, he says. "My first gambling experiences were in college where we played 25-cent limit poker," his confession says. The college he mentions happens to be an Ohio institution, too. But of course this is not an indictment of all colleges or even of the institution in question. Doubtless the gaming that went on was not known to the authorities. But it does go to show how such a little thing as an innocent college game may bring disaster overwhelming. It shows also how diversified are the possibilities of some colleges in the way of learning.

Health and accident insurance men have asked State Superintendent of Insurance Robert M. Small to help them break up a practice of their business which is termed "twisting." Probably few persons outside of those connected with such companies know what this is. When a company goes to the expense of employing an agent to work up a good business in a community, and another company induces the agent to accept employment with it, bringing the

agent to the new company, this is twisting. It is a practice which is not known to the authorities. But it does go to show how such a little thing as an innocent college game may bring disaster overwhelming. It shows also how diversified are the possibilities of some colleges in the way of learning.

But of course this is not an indictment of all colleges or even of the institution in question. Doubtless the gaming that went on was not known to the authorities. But it does go to show how such a little thing as an innocent college game may bring disaster overwhelming. It shows also how diversified are the possibilities of some colleges in the way of learning.

Many things are taught at college but the art of gambling usually doesn't appear in the curriculum. But now there comes forward a young defalcating bank teller testifying in his confession of theft that gambling was the cause of his downfall and that he got his first lessons in college. The teller in question has just been arrested in Ohio's capital. He has stolen nearly \$5,000. Every cent of it went in gambling, he says. "My first gambling experiences were in college where we played 25-cent limit poker," his confession says. The college he mentions happens to be an Ohio institution, too. Madam—Is Your Underwear Form-Fitting or Straight Lines?

The illustrations above tell their own story.

One—the usual form of knit underwear for women—cut on straight lines at shoulders, sleeves and armholes, stretched into shape by the wearer.

The other—Athena Underwear—tailored into shape by the maker. The slanting downward of the shoulder and sleeves shapes the garment to the correct lines of the wearer. Full bust and tapering back.

SEVEN SPECIAL FEATURES ASK TO SEE THEM

THREE-CORNERED GUSSET—Relieves strain in garment at thigh. Insures greater comfort, longer wear.

PATENTED SEAT—Most notable improvement ever made in underwear designing, so shaped that it clings to the figure in any position.

PERFECTED SHOULDER-STAY—Keeps garment from stretching across shoulder, and holds sleeve in place.

CURVED-CUT ARMHOLE—Brings the garment snugly to the body, without unnecessary cloth, causing uncomfortable perspiration and tearing the armhole of one's best frock.

FITTED SHOULDER AND SLEEVE—Give natural form to bust and proper tapering to back.

EXTRA-ELASTIC CUFF—Holds the sleeve in place and keeps it from slipping up on the arm.

ATHENA LOW-NECK SLEEVELESS GARMENT is narrower at back, with extra-full bust—lower in front than at back. No slipping of shoulder-straps down over arms.

And Athena Underwear costs no more than ordinary underwear

Are Worried About Wise

Hughy Wise, who bought a stepper from Red Hot, Ky., a few days ago, had not yet turned up for duty as tobacco stripper at the Doerr cigar factory Thursday morning and the fear is expressed that the poor horse lost him somewhere in the fog. "Cap" Evans is temporarily stripping in his place.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because so eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative function clogs and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jael Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jael Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flush.

Salt as Cleaner.
The clear yellow turn rape seeds are pressed well with a machine but in water that is strongly saturated with salt, then dry with a soft cloth. It not only cleans off the water, but prevents it from turning yellow. Strutting may be most excessively cleaned in the same way.
